Press Note.

Kannada Typewriters.

Certain comments have appeared in the local Press on the action alleged to have been taken by Government about Kannada Typewriters. Government wish to point out that the allegations made in these comments are not based on facts. For instance, it has been stated that the Sharma Committee met again under the Chairmanship of Sri T. T. Sharma and resolved to introduce certain modifications to the keyboard which they had originally recommended to Government. This is not correct. Government feel it necessary to inform the public of the correct position in respect of Kannada Typewriters.

The recommendations of the Sharma Committee met with a mixed reception from the Public. While the technical perfection of the Keyboard layout suggested by the Committee was well appreciated by the public, there was opposition from certain quarters to script reforms. In a booklet by Sri K. Sree Vijayapaliah, Senior Assistant Director, Government Press, Bangalore, who was a member of the Sharma Committee, entitled "Introduction of Kannada on the Typewriter, Linotype and the Monotype", it was explained how the introduction of the reforms suggested by the Sharma Committee was inevitable. Though its publication met the criticisms previously levelled, yet there were indications that the Public would be more satisfied if the number of reforms was further reduced.

In order to meet this desire of the public, Sri K. Sree Vijayapaliah, submitted a note to Government, suggesting the elimination of one of the reforms, *viz.*, the use of ಇಳಿ ದಿಢಿಗಿ sign in places where it is not at present being used and also submitted a slightly modified Keyboard layout for approval. In this keyboard, only two out of the three vowel signs suggested by the Sharma Committee have been retained, *viz.*, the use of common ಇತ್ವ and ಎತ್ವ signs by the side of ಅಕಾರಾಂತ consonants for converting them into ಇಕಾರಾಂತ and ಎಕಾರಾಂತ consonants. This being a very important change, Government considered it essential that it should be examined in all its details and hence constituted a Special Committee with the following personnel for the purpose.

1. Sri A. G. Ramachandra Rao, B.A.LL.B., Minister for Law and Education .... (*Chairman*).
2. Sri T. T. Sharma, Diagonal Road, Visvesvarapuram, Bangalore.
3. Sri M. R. Sreenivasa Murthy, B.A., President, Kannada Sahithya Parishat, Bangalore-2.
4. Sri C. K. Venkataramiah, M.A., LL.B., Director, Literary and Cultural Development, Bangalore.
5. Sri B. Krishnaswamy Chetty, B.E., A.R.P.S., Director of Printing, Stationery and Publications, Bangalore.

6. Sri J. B. Mallaradhya, M.A., I.A.S., Director of Public Instruction in Mysore, Bangalore.
7. Sri K. Sree Vijayapaliah, B.Sc. (Hons.), Senior Assistant Director, Government Press, Bangalore ... ... (*Secretary*).

The Committee met on 9th May 1953, in the Chambers of the Minister for Law and Education and discussed the matter. Their recommendations are now being considered by Government. The Public are requested to note that it is the Special Committee and not the original Sharma Committee that took part in the final deliberations in the modification of some aspects of the Keyboard and the use of vowel signs.

As a measure of relief, a sum of Rs. 8,000 (Rupees eight thousand only) available with the Deputy Commissioner, Chitaldrug District, as unspent balance out of the allotments under 'Assam Earthquake Relief Fund' is permitted to be utilised by him for providing employment to the weavers of these Taluks on works such as manufacture of cheap sarees and khanas at standard rates, so as to enable them to earn a minimum wage of one rupee per day.

In such an event, the Stores Purchase Committee also reserve the right to levy a penalty as and by way of liquidated damages, of three per cent of the value of the order.

As supplies are made, the relative bills of the cost should be sent duly signed in triplicate, the original being receipted and stamped to the respective Indenting Officers for arranging payment.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE. OLD PUBLIC OFFICES, BANGALORE.

Press Note.

As a measure of relief to the atchkatdars, who have suffered on account of failure of wet crops, under the atchkats of 485 tanks in Mulbagal Taluk due to scanty rainfall during the year 1952-53, seasonal remission of one half of the Wet Assessment amounting to Rs. 28,419-10-0 (Rupees twenty-eight thousand four hundred and nineteen and annas ten only) and suspension of the other half amounting to Rs. 28,419-10-0 (Rupees twenty-eight thousand four hundred and nineteen and annas ten only) is sanctioned for the year 1952-53.

(P.N. No. 57—26-8-53).

Press Note.

In the Press Note dated 24th June 1953, it was indicated that the Government of India had permitted the movement of stocks of broken rice from Madhya Pradesh, on trade account, on permits issued by the State Governments.

The Madhya Pradesh Government have prescribed 15th July 1953 as last date for receipt of applications for export permits. As the issue of import permits in favour of traders will be fruitless, the issue of permits for import of broken rice in favour of merchants of this State hereafter, will be stopped.

ROAD TRANSPORT DEPARTMENT.

Though there has been a marked increase in the collections in the Road Transport Department recently, instances of the running staff not issuing tickets now and then, and misappropriating the amounts, are still being brought to the notice of the General Manager, and the Government.

It would not be easy for the running staff to misappropriate the fares, if the travelling public also realise their responsibility in the matter and insist on purchasing tickets immediately they board the Government buses. The drivers and conductors of buses are prohibited from moving the buses until tickets are issued to every passenger in the bus. Passengers are, therefore, requested invariably to insist upon getting tickets immediately they board the buses and complain promptly to the General Manager, Mysore Government Road Transport Department, in cases of non-issue. For the convenience of the public a Complaint book has been maintained in each bus and the running staff are bound to produce the book to any passenger desiring to record the complaint therein.

It is hoped that, with the kind co-operation of the enlightened travelling public, this leakage of revenue to the Department will be materially diminished. The public are therefore requested to kindly co-operate with the management in this respect.

Press Note.

Reports have appeared in a section of the local Press that there have been frequent deaths of convicts either in the hospital attached to the Central Jail or in other hospitals where these convicts have been sent for treatment. Allegations have been made that these deaths are due to want of proper medical treatment. Another section of the press has attributed these deaths to the many lapses of the Jail Administration itself.

Realising the gravity of these allegations, Government immediately instituted a detailed enquiry into this matter. It has now been ascertained from the Inspector-General of Prisons that these allegations have been exaggerated in character. In a prison where over 1,200 inmates are to be looked after, it is natural that some of the convicts who have contracted serious and incurable diseases even before admission into the jail die in spite of the best medical treatment. All possible precautions have been taken in these cases. But Government wish to emphasise that they are taking further measures also to prevent such unfortunate occurrences. They also wish to inform the public that every effort will be made to see that the health of the convicts is maintained satisfactorily.

In the course of his concluding remarks, the Chief Minister while emphasising the use of educational institutions for moral rearmament, laid stress on the urgent need for enlightening the rural masses in the initial stages, through lectures and Gamaka recitals on subjects relating to our ancient heritage and culture. He said that the purpose of the Scheme was to improve the moral and ethical standards of the people and create in them a passion for righteousness and ultimately raise the level of national life. The Chief Minister pointed out that by sponsoring the Scheme for literary and cultural development, the State Government had planned for improved ethical life in Mysore to collaborate with the Five-Year Plan for raising the standards of economic life. He added further that a great responsibility had devolved upon the Members of the Central Advisory Council to work out the Scheme and to advice Government on the scope, organisation and implementation thereof and to suggest measures and methods required to honour writers and artists. He felt confident that the Scheme, which looked now like a small rivulet, would become ultimately a mighty river and transform the entire outlook of human life and values. He finally exhorted the members to take a keen interest in the Scheme and develop it in order to achieve the desired objective in view. He requested the Vyavastha Committee to give a practical programme for the next three months so that the Advisory Committee might watch the results and evolve future programmes and work.

MISCELLANEOUS ADVERTISEMENT.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*, BANGALORE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V, VI and VII should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919 in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. &. S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. No money orders or cash will be received by the undersigned except from parties outside the State.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

Complaints have recently been heard by Government about interruptions in the electricity distribution system, especially in the City of Bangalore. It is to be stated in this connection that some of the interruptions in the power supply are due to the various improvement works that are being undertaken from time to time. The public are aware that the work of standardising the supply frequency to 50-cycles is in progress in the cities of Bangalore and Mysore for the past two and half years. This work is of a complicated nature and could only be handled with periodical shut-downs, the criterion being safety to the men working on the lines as well as to the public. It has also to be stated that works are so arranged as to be of minimum inconvenience to the consumers of electricity, but the interruption in power supply cannot be totally avoided for reasons mentioned above.

As the public are aware, during the last ten years, due to the second world war and its aftermath, no improvement and remodelling of the electric distribution lines could be taken up for a long period. Recently, Government have sanctioned the work of laying underground cables for the distribution system in Bangalore. This work has already been taken up and will be pushed through gradually, so that continuous power supply to the public is assured.

Interruptions are also due to interference with the overhead system by acts such as throwing stones or green sticks and creepers on the lines, flying kites, etc., and also by birds, causing a grounding in the overhead circuit. These interruptions naturally take some time for location and rectification.

Government wish to assure the public that the Electrical Department will continue to do its best to improve the service conditions. The Department would be grateful to the public if they would bring to its notice the snapping of any conductor or interference with the distribution system by any one or any other aspect of the working of the Department which needs its attention.

(P.N. No. 62—1-9-53).

Press Note.

In pursuance of the agreement between the Government of Mysore and the Reserve Bank of India, it has been decided to transfer the management of the public debt of the Government of Mysore to the Reserve Bank of India with effect from the 1st October 1953. The books of the Accountant-General, Bangalore, the Bangalore Treasury, the Bank of Mysore Ltd., Bangalore, and the Imperial Bank of India offices at Bombay, Calcutta and Madras in so far as they relate to the Mysore Government loans will be closed from the 16th September 1953, for transfer to the Reserve Bank of India. Holders of securities enfaced for payment of interest at the Bank of Mysore, Ltd., Bangalore, or the Bangalore Treasury should tender their securities for payment of interest, renewal, etc., on or after the 1st October 1953 at the Public Debt Office, Reserve Bank of India, Bangalore, instead of at the Bank of Mysore, Ltd., the Bangalore Treasury or the Accountant-General, Mysore. Holders of securities enfaced at the Imperial Bank of India, Bombay, Calcutta and Madras should tender them at the Public Debt Offices of the Reserve Bank of India, Bombay, Calcutta and Madras, respectively.

Press Note.

GOVERNMENT ADVERTISEMENTS IN THE SPECIAL MYSORE NUMBER OF THE "BLITZ".

Government's attention has been drawn to incorrect reports that have appeared in certain sections of the Press in regard to the amount of money spent for the publication of Government advertisements in the Special Mysore Number of the "Blitz", Bombay, published on the 15th August 1953. As early as the 7th August, a complete clarification of the subject was made by the Minister for Law and Education in the Legislative Assembly and information about the actual amount spent was also given. But since reports continue to be published alleging that Government have spent huge sums of money in this regard, it has become necessary to reiterate what has been said in the Legislative Assembly.

The total value of Government advertisements booked in the Special Number of the "Blitz" is Rs. 2,725 only, at Rs. 12-8-0 a column inch, which is the accepted tariff rate for all Government advertisements published in that Journal. The journal brought out the Supplement of about ten pages and published articles pertaining to progress made in Mysore State. It should be noted that, apart from this sum of Rs. 2,725 no more money has been spent on the publication of the Supplement. Even the expenditure on the preparation of blocks of the several photos and graphs published in the body of the Supplement has not been borne by the Government. The payment of Rs. 2,725 was only for the actual space occupied by the advertisements, which was about three pages, the rest of the pages in the Supplement being free publicity for the State. By encouraging the publication of such supplements we have the advantage displaying our industrial products.

No advance was given for bringing out this Supplement. Allegations that cheques were issued to the Editor before of the publication of the Supplement are baseless.

Award of All-India Crop Competition Prizes (Changes in the Procedure).

In supersession of the Press Note No. 56, dated 24th June 1952, issued by this office in connection with the award of the All-India Crop Competition prizes of Rs. 5,000 each, in addition to the certificate of merit "KRISHIPANDIT" to the farmers who secure the highest yields per acre for six principal crops (*viz.*, paddy, wheat, potato, jowar, bazra and gram) in the competitions to be held in the various States in India during 1952-53, on the recommendations of the State Governments, the Secretary, Indian Council of Agricultural Research, has now stated that the high yields reported by the State Governments were considerably exaggerated and the Government of India felt that unless suitable steps were taken to check inflated results to ensure correct reporting, the confidence of the public in the crop competitions would be completely shaken and the world at large would begin to feel that the results were not real.

The Government of India, after careful consideration, came to the conclusion that adequate supervision could not be ensured unless the final competition for determining the all-india prizes was confined to manageable proportions.

The Government of India have, accordingly, decided to introduce a system of "heats" and to treat the persons achieving the highest yields in the State competitions as eligible to compete among themselves in a final competition which would determine the all-India prizes.

According to the above system, all-India prizes and the certificate of merit "KRISHIPANDIT" will not be awarded in future on the basis of the highest yields reported by State Governments as a result of State Competitions.

The first six persons who obtain the highest yields in the State Crop Competitions would be regarded as eligible for competing during the next year among themselves, to qualify for the All-India Crop Competitions and the names of such persons will be recommended to the Indian Council of Agricultural Research for the award of All-India Crop Competition prizes.

Further particulars may be obtained from the local Assistant Directors of Agriculture.

Press Note.

TEXTILE MOVEMENT CONTROL ORDER AND DEALERS LICENSING ORDERS NOT REPEALED.

It is notified for the information of the public that though Control over distribution and prices of all categories and varieties of cloth and yarn has been lifted with effect from July 10, 1953, all the clauses of the Cotton Textiles (Control) Order, 1948, as they stood immediately prior to decontrol are in tact and none of the clauses has been repealed.

Under clause 22 (1) of the Central Order, the Textile Commissioner has specified the markings to be made and the prices at which cloth and yarn should be sold. The Textile Commissioner has since notified that the provisions relating to prices are no longer in force. The Textile Commissioner and the State Government will no longer be invoking the provisions of clauses 30, 30-A and 30-B of the Cotton Textiles (Control) Order, 1948 relating to sale of cloth and yarn by mills, wholesale dealers and retail dealers even though those clauses themselves have not been repealed.

Control over the movement of mill cloth, Powerloom cloth, and yarn from one zone to another is still in force. A permit is therefore necessary before a dealer can undertake such movements.

The policy of licensing of dealers in cloth and yarn continues to remain in force. The Mysore Cotton Cloth Dealers Licensing Order, 1948, and the Mysore Cotton Yarn (Control of Distribution) Order, 1948, are not repealed.

Mills are now free to charge any prices they like for their packings of cloth and yarn. No maxima have been prescribed. Manufacturers, and dealers are now free to sell any quantity of cloth or yarn at any price agreed upon between themselves and the buyers. Dealers can sell to one another irrespective of the distribution between Nominees, wholesale dealers and retail dealers or to consumers direct without reference to the prices, if any, stamped on the cloth or yarn.

Processors will have to affix only the Tex-mark and the month and year of packing on the cloth processed by them. Processed powerloom cloth also must bear the Tex-mark. Sale of processed mill cloth without these markings is an offence.

No manufacturer or dealer shall, even now refuse to sell cloth or yarn to any person without sufficient cause as required under sub-clause (5) of clause 24 of the Cotton Textiles (Control) Order, 1948, which is still in force.

Consequent on the removal of price and distribution controls over mill-made cloth and yarn, the collection of half per cent centage on Ex-mill value of cloth and yarn procured by dealers in the State is also discontinued and therefore, the countersigning of the Railway Receipts by the Controller of Civil Supplies before taking delivery of the goods is also discontinued.
